## BEST PRACTICES FOR RRS MAINTENANCE FEATURING DAVID STEPHENS, CRM, FAI

Our very own Jennifer Chadband and Rick Surber host a monthly webinar called Virtual Coffee. A topic is set and address pre-submitted and live questions while they talk through foundational concepts. They have graciously agreed to team up for a BVC ARMA edition of their webinar. For this edition we are bringing in RIM Industry leader David Stephens, CRM, FAI. Mr. Stephens has written books and technical articles which have defined professional practices and he's delivered lectures throughout the United States and in Europe, Asia, and Latin America. He also served as President and CEO of ARMA International and was inducted into their Company of Fellows. To register for this free event, please click on the link provided. We would like to give out a big shout out to Zasio for hosting this event.
